

**Literacy Volunteers of Upshur County's  
2018 Community Partners Program:  
How to Become a Partner**

1. Choose your level of partnership: Tier III, II, I or STAR Partnership. If none of the levels appeal to you, but you're still interested in supporting Literacy, please let us know and we can happily work out a custom partnership.
2. Fill out the attached partnership form with your correct information. This allows us to properly publicize and thank your organization. You may either choose to attach a full year's donation at this time, or include an installment (monthly, quarterly, etc.)
3. Submit your partnership form and donation by mail or in person. We would also be more than happy to pick up your materials.
